

Coconuts Beach Club Resort & Spa

PO Box 3684 Apia, Upolu, Samoa

Coconuts is a truly unique resort, with distinctive design features, world-class facilities, and an incomparably relaxing environment. Built of local materials by Samoan craftsmen, the resort was planned to harmonize with its environmental and cultural surroundings, and offer guests the true flavor of Samoa. Coconuts is about an experience, not just a place to spend the night.

There are many resort activities on offer, including village and island tours, scuba diving (by arrangement), surfing guides, yoga, snorkeling, kayaking, boating in traditional Samoan “paopao” outrigger canoes, and excursions into the adjacent mangrove estuary. For those who wish to simply relax, there are the beaches and the wonderful gecko shaped swimming pool, complete with swim-up bar. And the beachside restaurant and bar offers what several magazines and guidebooks agree is the best food on the island. But more important are the unexpected opportunities: a stroll through the village with a staff member, a cup of cocoa with a new friend in their traditional Samoan home without walls, spending time with the local villagers and learning about their fascinating culture – experiences you simply don’t get elsewhere. Coconuts offers everything you expect in a boutique resort – intimate scale, personalized service, full spa facilities – and all in a setting of white sand beaches and turquoise lagoons as beautiful as you can imagine.
